50X1-HUM

On 23 October 1951, a railroad shipment of rails passed through Prenzlau and stopped at Eberswalde. Here a new connecting railroad line is being built between the Frankfurt/Oder-Eberswalde line and the Eberswalde-Angermünde line. A new railroad bridge is also being built over the line to Frankfurt. The new stretch which is under construction is being put through a tunnel under the above-mentioned lines.
